

**Attachment A: Image of visible differences of Lakewood bag and Costa Rica bag**

Difference	Lakewood bag	Costa Rica bag
90degree rotation of Vinyl Orientation		 <p data-bbox="735 615 1154 669">Blue arrow: Direction of Vinyl Growth Red arrow: Direction of Vinyl Shrinkage</p>
Easy open score lines are less visually apparent due to type of cutting blade used.		
Unwelded skirt appearance in the port area		
Hanger Hole and Reinforcement Bead Appearance		
Slightly wider width of weld, which does not affect bag dimensions or volume (platelet bag only)		<p data-bbox="894 1812 1336 1843">Blue sketch indicates Costa Rica bag</p>
